

SUMMARY OF FINAL REGULATORY FLEXIBILITY ANALYSIS

Department of Commerce

CLEARINGHOUSE RULE NO.: 08-085

RULE NO.: Comm 21.095 and 62.1200

RELATING TO: Carbon Monoxide Alarms

Final Regulatory Flexibility Analysis Summary

The rules implement the mandates imposed by 2007 Wisconsin Act 205. The Act establish requirements for the installation and maintenance of carbon monoxide alarms in buildings accommodating residential type occupancies where people sleep or lodge, excluding hospitals and nursing homes. The department does not believe that the proposed rules will increase the effect on small businesses over that imposed by the Act.
