AUTOMATIC FIRE SPRINKLER CONTRACTOR LICENSE

Application and Exam Fee (nonrefundable): \$125.00 **class code 7630**

Make checks payable to: Dept. of Commerce. The fee consists of a \$25 application fee and an exam fee of \$100. When the exam is passed, the applicant will be asked to pay a \$2000 credential fee, prorated because the credential expires on a specific date. The credential, issued after the exam is passed and the prorated credential fee paid, will be effective for 4 years from June 30th.

Reason for Credential: Pursuant to ss. 145.15 (4), 145.165 and 145.175, Stats., no person may install, maintain or repair automatic fire sprinkler systems unless the persons holds a credential issued by the department as a licensed automatic fire sprinkler contractor, a licensed journeyman sprinkler fitter, a registered automatic fire sprinkler system apprentice, a registered automatic fire

sprinkler contractor-maintenance, or a registered automatic fire sprinkler fitter-maintenance. No credential is required if a person is repairing, replacing or maintaining electrical supervisory devices for existing automatic fire sprinkler systems.

No person may conduct the annual activities relative to inspection and testing of an existing automatic fire sprinkler system and components as required by ch. Comm 14 unless the person holds a credential issued by the department as a licensed automatic fire sprinkler contractor, a licensed journeyman sprinkler fitter, a registered automatic fire sprinkler system apprentice, a registered automatic fire sprinkler contractor-maintenance, a registered automatic fire sprinkler fitter-maintenance or a registered automatic fire sprinkler system tester.

Requirements of Credential: Except for work performed on an automatic fire sprinkler system by a person who holds an automatic fire sprinkler contractor-maintenance registration, a person licensed as an automatic fire sprinkler contractor shall be responsible for each installation of an automatic fire sprinkler system. A person who installs, inspects, tests or maintains an automatic fire sprinkler system as a licensed automatic fire sprinkler contractor shall utilize the appropriate credentialed persons to install, inspect, test or maintain automatic fire sprinkler systems. A person who holds the credential shall carry on his or her person the credential issued by the department while performing or conducting the activity or activities permitted under the credential. For any construction or installation that requires a uniform building permit under s. Comm 20.08, persons, entities, or businesses which hold licenses, certifications, or registrations as identified in Comm 5 may not commence construction or installation until a permit is issued.

For any construction or installation that requires a Comm 20.08 uniform building permit, persons, entities, or businesses which hold licenses, certifications, or registrations as identified in Comm 5 may not commence construction or installation until a permit is issued.

Qualifications for Examination: A person applying for an automatic fire sprinkler contractor license examination shall have one of the following qualifications relating to the engineering principles and skills associated with the design, installation and maintenance of automatic fire sprinkler systems:

- At least 1,000 hours of experience per year for at least 3 consecutive years as a licensed journeyman automatic fire sprinkler fitter.
- Graduated from an accredited 4-year university or college with a degree in civil engineering, mechanical engineering or other approved engineering curriculum related to automatic fire sprinklers.
- At least 1,000 hours of experience per year for at least 7 years in automatic fire sprinkler design or installation. Each semester spent full-time in a school of civil or mechanical engineering or other accredited college, university, technical or vocational school in an automatic fire sprinkler-related program shall be considered equivalent to 500 hours of experience, with no more than 3,000 hours and 3 years of experience through education being credited toward the 7 years of experience.
- A level III certification in fire protection/automatic fire sprinkler system layout from the national institute for certification in engineering technologies. Attach a copy of the certificate.

If the experience you gained spanned more than 12 consecutive months use a separate row for each 12 month period. In the Time Period column fill in the beginning month and year and the ending month and year in which the experience hours were completed. In the Experience Hours column fill in the number of hours claimed for that time period but do not record more than 1,000 hours in the column even if you worked more than 1,000 hours. If the hours were witnessed by more than one person, the hours witnessed by each person must be filled in on separate rows. Photocopies of this page may be made if you need additional room or would like to mail to witnesses to sign. The witness must have observed or had knowledge of the number of work hours performed as a journeyman automatic fire sprinkler fitter or in the design or installation of systems.

Education Hours Required to Renew: The renewal of a license as an automatic fire sprinkler contractor shall be contingent upon the person obtaining at least 24 hours of acceptable continuing education by March 31 of the year their credential expires. A person who holds a license as an automatic fire sprinkler contractor may apply to the department for waiver of the continuing education requirements on the grounds of prolonged illness or disability or similar circumstances. Each application for waiver shall be considered individually on its merits by the department. If you pass the exam to obtain this credential, you will not be required to take any continuing education prior to your first expiration date. You will be required to fulfill the continuing education requirements starting after you have renewed your credential for the first time. If you obtain this credential by any other method, you will be required to fulfill the continuing education requirements at least 3 months prior to your expiration date.
